

**CROOK'S COLUMN.**  
**PURIFY YOUR BLOOD**

**AT ONCE.**

Wherever the Peke Root grows, it has a local reputation for curing Rheumatism, and as a Blood Purifier. In the spring the early shoots are used by many physicians as a great remedy for other health-giving qualities. With all this local reputation and the praise of distinguished Physicians (Dr. C. H. Crook, Dr. J. H. Sharp, Dr. G. W. Conard and others) who have tested its medical powers, it has been neglected by the profession as long as much through a want of knowledge of the precision of its merits, or a knowledge of the proper way to prepare and administer it.

Dr. Oliver Crook, a physician of Urbana, Ohio, has given his entire time to the duties of his office, and who has the largest practice of any physician in Urbana, Ohio—has written a series of medical qualities of Peke Root, which he has used for 25 years, and manifestly with great success. He has more merit for his discoveries than any other physician in the state. His preparation of the root, and all other articles named in the Manual of the American Physician under his instructions, are the truest and most medicinal qualities of Peke Root. Dr. Crook's Manual of the best tonic preparation of Peke Root, and for this preparation to the public, contains the ingredients, under the name of Dr. CROOK'S SYRUP OF PEKE ROOT.

This preparation is the best tonic preparation of Peke Root, and all other articles named in the Manual of the American Physician under his instructions, are the truest and most medicinal qualities of Peke Root.
